CHAIRMAN MESSAGE

Md Mohsin Rahman

Chairman and MD

With a legacy spanning many years, the wig industry has evolved into a dynamic, billion-dollar enterprise. This growth is driven by consumers who value style, convenience, and self-expression. In this fast-paced world, especially for women and the elderly, wigs provide a way to embrace change while enhancing confidence and style without compromise.

At SunTrust Limited, World's finest Human Hair & wigs manufacturer & exporter. Our commitment is to offer customized solutions that cater to individual preferences, bridging the gap between innovation and personal style. Every wig we produce is crafted to reflect the unique identity of its wearer, embodying quality and craftsmanship. We specialize in a diverse range of wigs be it braided, frontal, closure, or weave styles—that cater to a global clientele.

The global Human Hair Wigs and Extensions market is expanding, with North America, Asia Pacific, and Europe leading the demand for premium products. Bangladesh, with its efficient production capabilities, is making a mark on this competitive landscape. By leveraging our manufacturing strengths, SunTrust Limited is set to become a major contributor to this vibrant industry, driven by changing fashion trends, increased disposable incomes, and advancements in hair aesthetics.

We see a bright future ahead for SunTrust Limited, and I am proud to lead a team dedicated to meeting the evolving needs of our customers. Together, we are shaping a future where beauty, innovation, and individuality seamlessly intertwine vision to make an industrialized nation.

WHAT WE DO

For human hair for the first time in Bangladesh, locally we are manufacturing everything and exporting them to the global market. As a Bangladeshi Factory, it is a big achievement in the beauty industry. SunTrust Ltd. has 20 knotting units including washing and finish processing in Bangladesh so far. More knotting units are opening soon.

SunTrust has also become a great source of exports to wholesale stores, retail stores, salon owners, hairstylists, and online stores in the USA Market, Bahamas, Africa, Dominican Republic, Haiti, Turks and Caicos Islands, and many more.

SunTrust is a highly professional and experienced manufacturer of top-notch quality of human hair. Our company always gets the best hair lot from the hair market. Before working on it, we always inspect the lot and ensure the best quality hair gets in the market. SunTrust hair has the softest texture and the best hair ratio that no one can beat.

Most of our Factory workers are women, and as it's a beauty industry, we are trying our best to give more opportunities to the women in our country. Our government is working for women's empowerment, so we are also creating opportunities to give them the road to success through our supply chain and our factories as well.

The project was established with an annual capacity of 240,000 pcs of complete hair extensions and wigs associated with knotting units. The project is under the expanding stage with an annual capacity of 1250,000 Pcs of complete hair extensions and wigs associated with same knotting units. It is committed to providing the overseas market with high-quality Human Hair extensions and wigs that include Lace Wigs, Lace Frontal Wigs, Sew-in Bundles, Frontals, Closures, etc. This project is 100% export-oriented and a completely new innovation. In another way, this project has been making up the foreign remittance deficiency in the country.

OUR GOAL

Our goal at SunTrust Limited is to establish ourselves as a global leader in the human hair wigs and extensions industry, consistently delivering premium-quality, customizable hair solutions that align with the unique needs and preferences of diverse markets worldwide. We are committed to positioning Bangladesh as a trusted and respected source of high-quality human hair products by leveraging our local manufacturing capabilities, experienced artisans, and state-of-the-art production facilities.

With a focus on sustainability and ethical sourcing, Suntrust Limited strives to bring an authentic touch to the beauty industry, ensuring that every wig and extension we create meets the highest standards of quality, comfort, and style. We aim to drive sustainable growth by fostering innovation, enhancing customer experiences, and setting new benchmarks in product durability and natural appeal. By focusing on long-term client relationships and engaging with global beauty trends, we aspire to contribute meaningfully to both the beauty sector and Bangladesh's economy, bringing in valuable foreign remittances and elevating the global standing of 'Made in Bangladesh' products.

Ultimately, we envision a future where Suntrust Limited is synonymous with reliability, craftsmanship, and exceptional hair solutions that empower clients to feel confident and express their unique identity with ease
